

Lansing Board of Water & Light

Rate Schedules

ECONOMIC DEVELOPMENT RIDER FOR CHILLED WATER

Purpose – The primary purpose of this rider is to enhance economic development in the Board of Water & Light (BWL) service area. It will be offered to new customers when, in the utility's judgment, the availability of the rider is a major factor for the customer choosing to take chilled water service and will result in a net benefit to the BWL and its customers.

Availability – The rider is available to new commercial and industrial customers that qualify for General Chilled Water Service Rate No. 4. This rate would be available for the first six years from the date of the contract. All provisions of this rider are the same as the General Chilled Water Rate No. 4 with the following exceptions:

Monthly Rate

Capacity Charge: A discount on the capacity charge will be made available under this rider. The capacity charge per ton will be as follows:

Contract Year	Capacity Charge (per ton)
1 - 2	\$10.00
3 - 4	\$20.00
5 - 6	\$30.00

At the start of the seventh year and all years thereafter, the customer will be billed the standard capacity charge as listed in the General Chilled Water Service Rate 1.

Adopted: September 23, 2008

Effective: November 1, 2008
